

## THE DAY OF RECKONING

Appears to Be Near at Hand In Downtrodden Cuba.

## AMERICANS ARE STARVING.

Indications Are That President McKinley Will Take Action.

## STARTLING REVELATIONS MADE.

Consular Reports Show a Worse Condition of Affairs Than Any Newspaper Correspondent Has Attempted to Describe.

Washington, May 14.—Members of the foreign relations committee have recommended to the president that if necessary to secure the landing of food and clothing to relieve the wants of Americans in Cuba they should be accompanied by an American warship.

The president has listened to this advice, but has not indicated his intention to act upon it.

The committee has a list of heads of families, representing over 100 Americans, who are said to be in a starving condition. They are represented to be "corralled in towns and unable to get out for food, even if they had the means to procure it."

The correspondence represents that there are thousands of Cubans in this condition.

## STARTLING DISCLOSURES.

Hundreds of Americans Forced to Starvation in Cuba.

Washington, May 14.—The senate committee on foreign relations had the Cuban question under consideration on the basis of the report of the subcommittee appointed to confer with the president and Secretary Sherman.

The report was prepared by Senators Davis and Foraker, the Republican members of the subcommittee, Senator Morgan, the Democratic member, declining to participate in it.

The report consisted of a concise statement of the contents of official reports from American consuls in Cuba, bringing the information up to within a week of the present time.

This report confirms the newspaper reports as to the situation of affairs in the island, and even goes farther in depicting a deplorable situation than most of the newspaper stories.

Especially stress is laid upon the condition of American citizens in the island. Of these it is positively stated that there are hundreds in a starving condition and most wretchedly clothed.

Deaths of Americans From Starvation are daily reported. They are scattered in all parts of the island and are shown no consideration whatever because of their American citizenship.

They are generally persons who reside on the plantations, but who have been driven from their homes to the towns, or concentrados, and who, being among strangers without employment, are compelled to subsist on almost nothing.

They are not allowed to return to their plantations even to pick berries or to secure the least article of subsistence.

They are theoretically under the care of the Spanish army, but the army is without a commissariat. They have no means of leaving the island. Their condition is pronounced wholly deplorable.

The committee was especially impressed with this recital, and the opinion is generally expressed that the situation should be remedied if possible.

It was considered as placing even a worse aspect upon the question of

## Our Relations to Cuba

than the imprisonment of Americans, of which there are now comparatively few instances.

The reports also indicate a generally wretched condition of all the inhabitants of the island because of the scarcity of food and money, especially in the centers of population, and because also of the prevalence of the most malignant diseases, such as yellow fever, smallpox and dysentery.

The diseases the natives withstand with comparative ease, but they are especially oppressive to the Spanish soldiery.

The reports indicate that the Spanish army is not so strong now as it was a year ago, largely on account of these ravages, while they indicate no diminution of the insurgent forces.

The reports upon which the subcommittee's brief was based were from various consuls, including Consul General Lee. They make no recommendations as to American policy, but merely give

## The Situation as They See It.

In view of the developments in the committee Senator Morgan agreed not to press the consideration of his resolution, but he will make an effort to have the question made the unfinished business Monday at 2 o'clock.

This acquiescence on the Alabama senator's part to temporary delay is understood to be given under the impression that it will result in bringing to the resolution the support of the entire committee on foreign relations.

This will, of course, materially strengthen the resolution in the senate, and, it is believed by its friends, will expedite its passage there.

It is now probable that the committee will not make any formal report and that the correspondence will not be given to the public for the present.

## REASON FOR DELAY.

It Was For the Purpose of Giving the President a Chance.

Washington, May 14.—The delay by the senate committee on foreign relations in taking no action until Monday is for the purpose of giving the president an opportunity to act.

Representations have been made to the president that there is necessity for immediate action. It has also been represented that the matter of recognition ought to be by the executive and not by the legislative branch of the government.

The president has been urged also to take some steps toward the relief of the starving Americans in Cuba.

It is the belief of members of the committee that

The President Will Take Action before Monday, but if nothing is done by that time there is no doubt the committee will urge the Morgan bill in the strongest terms possible.

There will be a practically unanimous expression of opinion in favor of the resolution by the foreign relations committee.

Some may raise the constitutional question against it, but will not urge it very hard. At the same time they will express sympathy with Cuba and say that some action ought to be taken, but will maintain that the action should be by the executive and not by congress.

## Tillman's Sensational Speech.

Washington, May 14.—Senator Tillman of South Carolina made a sensational speech charging the sugar trust investigating committee with selling out. The resolution citing Chapman to appear before the senate was referred to the judiciary committee.

## Reached an Agreement.

Washington, May 14.—The senate committee on finance reached an understanding by which it was practically agreed that debate on the tariff bill should be on Monday, the 24th inst.

## Preparing a Message.

Washington, May 14.—It was reported late in the afternoon that President McKinley was preparing a special message on the Cuban situation.

## Treasury Statement.

Washington, May 14.—The statement of the condition of the treasury shows: Available cash balance, \$228,707,297; gold reserve, \$148,048,401.

## Bank Thief Arrested.

New York, May 14.—"Wally" O'Connor, said to be a notorious bank thief, is in custody here under suspicion that he was implicated in the holding up of Cashier Lyman Cobb of the Yonkers Savings bank when \$3,000 was taken. O'Connor is alleged to have been associated in some other operations with Allen, Killoran and Russell, the post-office and bank robbers who "broke" out of Ludlow street jail on July 4 of last year.

## Made Short Work of It.

Oakland, Cal., May 14.—Jack Davis of Omaha whipped Sailor Brown in about three seconds before the Reliance club. Davis was matched to fight eight rounds, but before the men had time to warm up Davis smashed Brown in the mouth and nose, followed it up with another blow on the jaw, and Brown was completely out and the fight was given to Davis.

## Delmas Will Not Talk.

San Francisco, May 14.—Attorney Delmas has not reconsidered his determination not to talk. Indeed his determination has become stronger since the last message was received from his Nemesis in London, in which she asserts that Detective von Arnold was hired to betray her.

## The Weather.

Ohio—Partly cloudy; westerly winds. For West Virginia—Showers; southwestly winds. For Indiana—Fair and cooler; fresh westerly winds.

## "THE ROAD TO DEATH"

Such Has Been Named the Route From Manzanillo to Bayamo.

## BIG CUBAN VICTORY WON.

General Garcia Led the Spaniards Into a Trap and Almost Annihilated Them Before They Could Make Their Escape.

Havana, May 14.—General Calixto Garcia and General Rabi fell on a Spanish force which was carrying food supplies from Manzanillo to Bayamo, captured the convoy, routed General Lono's columns, and pursued him so vigorously that he fled to the coast with the remnant of his brigade and took a ship at Cabocoruse for Manzanillo.

Spain has lost 5,000 men, and food and arms without end along the road to Bayamo, and now the Spanish soldiers call it

## The Road to Death.

Believing that the convoy would be attacked General Lono sent his mule train ahead with a scant escort, intending to flank the rebels or fall upon their rear with his main infantry while the escort held their fire. This force is said to have been between 1,500 and 2,000 men.

General Garcia, with between 600 and 1,000 men, also waited for the convoy three leagues from Bayamo. He was told by his scouts there was a large Spanish force following the poorly protected mule train, and, suspecting a trick, he allowed the pack mules and

GENERAL CALIXTO GARCIA.

small escort to pass without molestation at the time and placed his men in an advantageous position to await the coming of General Lono.

The Spanish, eagerly awaiting the sound of firing ahead which would tell them the train had been attacked, marched

## Straight Into the Trap.

When the column was within short range the insurgents opened fire. The effect was deadly. The Spanish returned the fire, but with little result. They realized they had been ambushed and saw by the gaps in their ranks that the enemy was in force. They advanced at the word, but another volley from the insurgents caused some wavering.

Then arose the old cry, "A la machete," and before the ranks could be closed or a square formed Garcia's veterans were upon them. As has generally been the case, the Spanish infantry, having been subjected to a heavy fire, did not long oppose the machete with the bayonet. In a few minutes the retreat was general.

General Lono and his staff, by desperate efforts, succeeded in rallying a few hundred men for another stand, but, although they opposed the insurgents' advance with a brisk fire, it was evident that the day was lost. Fearing that a movement among the Cubans meant an attempt to surround them the Spanish broke and ran. Thus the

## Defeat Became a Rout.

The insurgent forces were then divided, one division pursuing General Lono and the other going to capture the arms and provisions. This last proved an easy task, as at the sound of heavy firing the small force protecting the train had foolishly halted and attempted to strengthen its position.

The Spanish commander with the retreating main body was harassed for 10 miles. He decided to abandon the regular road back to Manzanillo, fearing he would be intercepted as General Rey had been a few days before. The victorious Cubans were in the road to Bayamo, his provisions were lost and his men were practically without food. The only way he saw to save the remnant of his forces was to make for the coast at a point many miles from Manzanillo.

He marched nearly 40 miles, reached Cape Cruz and sent word to Manzanillo. A passenger steamer was pressed

into the service and carried the despondent soldiers back to Manzanillo. So fierce was the fighting and so swift their retreat that the Spaniards were able to carry off but few of their wounded.

## GOLD HUNTERS LOST.

Party of White People Disappear Somewhere in the South Seas.

Cleveland, May 14.—Information from Buenos Ayres, Argentina, is to the effect that United States Minister William L. Buchanan has begun an investigation to find out if possible what has become of the American sailing vessel Joseph F. Loubat, which, it is feared, has been lost somewhere between that port and Tierra del Fuego.

The vessel, which was commanded by Captain T. H. Connors, and had on board Moses Y. Ransome, a wealthy American, and several prominent young men from Cleveland, O., left Buenos Ayres in January on a search for gold.

The Loubat is a small vessel, and the fact that nothing has been heard from her has given rise to the fear that she has been lost. Minister Buchanan has undertaken the investigation at the request of the American relatives and friends of the men aboard the Loubat, who are anxious to ascertain as much as possible regarding the movements of the vessel since she was last seen.

Mr. Ransome is a man of considerable wealth, and is a close personal friend of Senator Mark Hanna of Ohio. With him on the Loubat were Charles Ransome, his son; Kirk Gardner, a son of former Mayor Gardner of Cleveland; Douglas P. Erkins, son of a capitalist of Cleveland; Walter Powers and W. H. Huntington, engineers; William Hinds.

Just before the vessel left New York Mr. Ransome stated that his destination was Sluggard's bay, Tierra del Fuego. He knew, he said, that gold was abundant in that vicinity, and with an invention which he had recently perfected, and which he carried along, he hoped to realize a fortune for himself and his comrades.

His machine was for the purpose of separating gold from sand, and he said the place he had selected for his operations would prove not only the efficiency of his invention, but would yield a fortune.

## Strawboard Trust Formed.

Cleveland, May 14.—The strawboard manufacturers of the United States had a secret meeting at the Hollenden and formed a trust to control the product of the country. Representatives of firms in Cincinnati, Covington and Binghamton, N. Y., were present. The manufacturers say there will be no immediate change in prices.

## New Incorporations.

Columbus, O., May 14.—The Miami Valley Milling company, Dayton, capital stock \$5,000; the Northwestern Gas and Electric company, Toledo, capital stock \$500,000; the Coopers' Local International Union, No. 59, Cincinnati.

## How Damsel Lived.

Columbus, O., May 14.—It is claimed Charles H. Damsel, defaulting bookkeeper of the National bank, spent much money on a Sidney woman whom he was in the habit of meeting in Piqua. He would pay \$1 for a shine or shave, and \$20 for a hack ride.

## Crashed Through a Roof.

Bowling Green, O., May 14.—James Drummond fell 75 feet from an oil derrick, crashing through the roof of the belt house. He was rendered unconscious for a few moments, but no bones were broken and he returned to work.

## Mexican War Veterans.

Columbus, O., May 13.—The Mexican war veterans met here and elected the following officers: President, Captain Milton Jamelson of Batavia; secretary, James H. Smith of Newark.

## Sensation in Chillicothe.

Chillicothe, O., May 14.—Professor Viney, principal of the negro school here, is charged with undue relations with Sallie Gatliff, a teacher, and has been sued for \$10,000 damages.

## Explosion at a Powder Mill.

Reading, O., May 14.—There was an explosion at the powder mills of the A. L. Due Fireworks company. Samuel Sherboli was fatally and two others were slightly injured.

## Funderburg Mills Burned.

Springfield, O., May 14.—The Funderburg mills at New Carlisle were fired by an incendiary shortly after midnight and destroyed. Loss, \$50,000.

## New Richmond in the Field.

Cleveland, May 14.—Judge Conway W. Noble has announced his intention of entering the Democratic race for governor.

## Gomez Issues a Proclamation.

Havana, May 14.—General Gomez, upon learning of Weyler's declaration that Santa Clara was pacified, issued a proclamation of his own declaring Santiago de Cuba and Puerto Principe pacified.

## SITUATION UNCHANGED

The Porte Is Taking His Time to Formulate His Reply.

## HE IS IN CLOSE QUARTERS.

His Position Is Little Stronger Than That of King George, and He Dislikes to Surrender the Ottoman Interests.

Constantinople, May 14.—The Graeco-Turkish situation is unchanged. Everything is resting on the porte's action.

There is no confirmation of the report that an armistice has been arranged, nor that Edhem Pasha's advance on Domokos may have been countermanded.

The sultan's position is little stronger than King George's, and therefore it is not surprising that while the war feeling is so strong he hesitates at taking a step which could be construed at Constantinople as a surrender of Ottoman interests.

In addition to this, the feast of Bairam offers another excuse for delay.

## Massing the Troops.

Larissa, Thessaly, May 14.—Six battalions of Turkish infantry from the east and from Larissa, four battalions from Diskala, and four battalions from Janina are marching on Kalambaka, northwest of Trikala, where they will shortly be joined by the Turkish armies from Janina and Ellassona.

## Greek Squadron Alert.

Salonica, May 14.—The Greek squadron is watching the coast from Platamona to the gulf of Volo, and it is claimed the Greek warships are also blockading the gulf of Salonica. A British steamer, bound for Salonica, has been prevented from entering the gulf.

## Gulf of Volo Blockaded.

Athens, May 14.—The Greek fleet has established a blockade on the gulf of Volo.

## STRANGLER ARRESTED.

A Peddler Believed to Be Responsible For Many Deaths.

New York, May 14.—In the person of a peddler named Joseph Talker, or Tait, the police think they have found the strangler who has caused the death of several women of the town within the last year.

Talker was arrested on the street at the instance of Mrs. Pauline Barnat, who claimed to recognize him as the man who attacked her as she was seated upon a bench in Central park a few weeks ago and robbed her of her jewelry.

Talker confessed he was the robber. Jennie Freeman, who was the mate of Annie Bock, mysteriously strangled to death in her apartments near Fourteenth street last year, identified Talker as being a man who was with the Bock woman shortly before the latter's death.

The detective bureau also connect Talker with the more recent death by strangling of Minnie Weldt and "Diamond Flossie" Murphy.

## Against Canadian Tariff.

London, May 14.—James Roche, Irish Nationalist member of parliament for the east division of Kerry, has given notice of a motion to call attention to the Canadian tariff proposals in addition to raising the question as to how far the treaties with France and Belgium prevent Great Britain's acquiescence. Mr. Roche opposes the Canadian tariff proposals on the ground that they "will create unfair competition with Irish agriculture by flooding the markets with cheap and inferior Canadian produce."

## Bank's Assets Sold.

Tacoma, May 14.—The sale of the assets of the defunct Bank of Tacoma to J. J. McCone for \$8,250 was confirmed by the superior court. The face value of the assets was \$250,000. The city of Tacoma had over \$200,000 on deposit at the time of the failure, Aug. 18, 1895, nearly all of which was lost.

## Flood in Kentucky.

Middlesboro, Ky., May 14.—Rain for 36 hours has again flooded Middlesboro. Thousands of acres of growing corn are under water. Losses to farmers are not less than \$20,000 and to Middlesboro \$5,000. The rain has not ceased, but the waters are receding and the worst is over.

## Law Will Be Enforced.

Berlin, May 14.—The government, with the view of stopping what it regards as being an evasion of the boerse law of 1896, has informed the Berlin corn and produce merchants that their meetings will hereafter be regarded as constituting them a produce exchange within the meaning of the law.

In addition to this, the feast of Bairam offers another excuse for delay.

### Massing the Troops.

Larissa, Thessaly, May 14.—Six battalions of Turkish infantry from the east and from Larissa, four battalions from Diskala, and four battalions from Janina are marching on Kalambaka, northwest of Trikala, where they will shortly be joined by the Turkish armies from Janina and Ellassona.

### Greek Squadron Alert.

Salonica, May 14.—The Greek squadron is watching the coast from Platamona to the gulf of Volo, and it is claimed the Greek warships are also blockading the gulf of Salonica. A British steamer, bound for Salonica, has been prevented from entering the gulf.

### Gulf of Volo Blockaded.

Athens, May 14.—The Greek fleet has established a blockade on the gulf of Volo.

### STRANGLER ARRESTED.

A Peddler Believed to Be Responsible For Many Deaths.

New York, May 14.—In the person of a peddler named Joseph Talker, or Tait, the police think they have found the strangler who has caused the death of several women of the town within the last year.

Talker was arrested on the street at the instance of Mrs. Pauline Barnat, who claimed to recognize him as the man who attacked her as she was seated upon a bench in Central park a few weeks ago and robbed her of her jewelry.

Talker confessed he was the robber. Jennie Freeman, who was the mate of Annie Bock, mysteriously strangled to death in her apartments near Fourteenth street last year, identified Talker as being a man who was with the Bock woman shortly before the latter's death.

The detective bureau also connect Talker with the more recent death by strangling of Minnie Weldt and "Diamond Flossie" Murphy.

### Against Canadian Tariff.

London, May 14.—James Roche, Irish Nationalist member of parliament for the east division of Kerry, has given notice of a motion to call attention to the Canadian tariff proposals in addition to raising the question as to how far the treaties with France and Belgium prevent Great Britain's acquiescence. Mr. Roche opposes the Canadian tariff proposals on the ground that they "will create unfair competition with Irish agriculture by flooding the markets with cheap and inferior Canadian produce."

### Bank's Assets Sold.

Tacoma, May 14.—The sale of the assets of the defunct Bank of Tacoma to J. J. McCone for \$8,250 was confirmed by the superior court. The face value of the assets was \$250,000. The city of Tacoma had over \$200,000 on deposit at the time of the failure, Aug. 18, 1895, nearly all of which was lost.

### Flood in Kentucky.

Middlesboro, Ky., May 14.—Rain for 36 hours has again flooded Middlesboro. Thousands of acres of growing corn are under water. Losses to farmers are not less than \$20,000 and to Middlesboro \$5,000. The rain has not ceased, but the waters are receding and the worst is over.

### Law Will Be Enforced.

Berlin, May 14.—The government, with the view of stopping what it regards as being an evasion of the boerse law of 1896, has informed the Berlin corn and produce merchants that their meetings will hereafter be regarded as constituting them a produce exchange within the meaning of the law.

## POPULAR IN PITTSBURG

They All Want to See Winnie Mercer.

ALL THE LADIES WILL GO

Some Newspaper Expressions Which Show That Our Pitcher Is at the Head of the List, and Attracts More Attention Than Any of the Others.

That Winnie Mercer is a prime favorite with the ladies is shown by the following article in a morning paper:

"The players from Capitol Hill will oppose Pittsburg again this afternoon at Exposition park. Winnie Mercer, the East Liverpool bit of crockery, and Pink Hawley will likely be the centers of attraction on the diamond. They appear simultaneously by special request of the owners of ladies' day."

Winnie Mercer returned this morning to Pittsburg in response to a telegram. Last year Washington won but two out of six games played at Exposition park, and the wins were both credited to Mercer. An evening paper says: "This is Winnie Scott Mercer's fourth year in creme de la creme baseball society. During his scintillating career this velvet-orbed dealer in diplomatic scrolls and kinks, has, in the diction of Steve Brodie, 'trun down' many a promising team of pennant bidders and gathered divers laurels. But it has always befallen Mercer to flop and to thud when confronted by the Hanlon flock of Orioles. In the past four years Mercer has dealt the choicest numbers in his repertoire to the Orioles. But the birds feed fat off his fare. Tuesday he was as consistent a performer as ever against the champions."

Dick Padden registered his first strike out of the season Wednesday afternoon in the Boston game.

### TRADE IS BRISK.

Dinner Ware and Novelties Attracting Attention.

Of the pottery trade for the week China, Glass and Lamps says:

"All branches of the pottery trade are brisk at present. Jardinieres are having an unprecedented sale, especially in sizes up to 14 inches. Some very handsome mottled patterns have been gotten out, and the underglaze patterns are generally enjoying a large run. In the finer glazes a large trade is being done, and since domestic potters have improved their shapes, pastes and glazes, a large trade is being done in these lines. In dinner ware trade is excellent, and we note that some potteries have been forced to work overtime, and put on additional employes to keep up with the demand. Toilets are also good sale, and the new grades put on the market this spring have met with a warm reception by jobbers and consumers. In specialties and novelties, especially finely decorated bric-a-brac, a very brisk trade is being done, and this part of the pottery industry is being considerably enlarged."

### TOOK HIS WATCH

And Bob at Once Notified the Police.

Bob, the colored porter at the Buckeye club, was yesterday the victim of a practical joke. He attended the side show, and while there a friend touched him for his watch. In a few minutes he missed his timepiece and appealed to his friend, who had the watch. He notified the officials, and they began a hunt for the pickpocket. In the evening the watch was returned, and Bob smiled again.

### ALMOST A FIGHT.

Some One Objected to Giving Something For Nothing.

There came near being a free for all fight at the circus yesterday afternoon. The fakir who was selling perfume in the menagerie got hold of the wrong customer who when he saw his money disappear without getting anything in return wanted to fight. The women nearby began to scream, and the disturbance was only quieted when the fakir returned the money.

### A Good Lecture.

A good audience was present at the First M. E. church last evening to hear Chaplain Lozier deliver a very entertaining and interesting lecture on "Mother's Apron Strings." It was one of the best lectures ever heard in the city.

### Were Married.

The fact became known today that John W. Lowers and Miss Carrie Williams, daughter of Mr. and Mrs. J. B. Williams, were quietly married in Pittsburg April 12.

## STATE BOARD IS STRICT

Changes In the Disposal of Sewage.

ONE GOOD LAW WAS REFUSED

Because the Sewer Emptied Into a River Ten Miles From the Intake of a Water System—The New Ruling Might Have an Influence Here.

Even though the city decides to sewer Tanyard run according to the plans now under consideration, it is possible that the work will never be done. The state board of health may decide to enforce some of its new rules, in which event a system entirely different will be necessary.

Not long ago the board decided to investigate the water supply of every town and city in Ohio, and make a complete survey of the streams from which the people usually drink. The intention is to purify as far as possible the water supply of cities, and to do this they must first locate the different causes of pollution. They will then see that in every instance where it is possible a check will be placed on the indiscriminate dumping of filth into streams. A rule of this kind was made, and is already being enforced. The town of Niles recently submitted to the board a plan of sewerage, and it was under the new rule promptly rejected, because the filth would have emptied into the Mahoning river ten miles above the intake at the Youngstown water works.

"In view of this," said a resident interested in these matters, "do you think the board, if a protest comes from Wells-ville, will accept that plan? I would not be quoted as saying that Wellsville will protest, but I am willing to bet something more than a penny that a protest will be entered. Anyway I think it would be wise for council to investigate and have a conference with the state board before it spends much money."

ALL ARE SATISFIED.

Passenger Rates to the Endeavor Convention Are Settled.

The passenger men of the western roads are highly pleased with the settlement of the rates and arrangements to the Christian Endeavor convention. They have been fearful that there would be all sorts of demoralization coming from the business as there has been in the past. However, all of the roads in the west that are likely to have any considerable portion of the business have agreed to the rates and arrangements, and there are small chances for any trouble.

THE PROPHET LABORED

And His Friends Were Very Much Surprised.

D. J. Smith was in the city today looking like a farmer, his cheeks tanned and his hands bearing evidence of toil. When one of his many friends asked what he had been doing, he promptly replied that he had this week dug 48 postholes and built 150 rods of fence. When one man heard it he fell over, paralyzed, and the little fish in Beaver creek winked with delight, the prophet meantime smiling to himself at the thought of his splendid joke.

CHANGED HIS MIND

When He Found Another Man Wanted the Goods.

Some days ago Constable Lyon levied on some goods belonging to Hughes & Hancock and advertised them for sale to settle a judgment given Ed Cook. This morning another man claimed the goods, and notified the constable he would be held responsible if the goods were sold. The constable at once dissolved the levy.

A WILD RUNAWAY.

The Horse Raced at a Great Rate In Second Street.

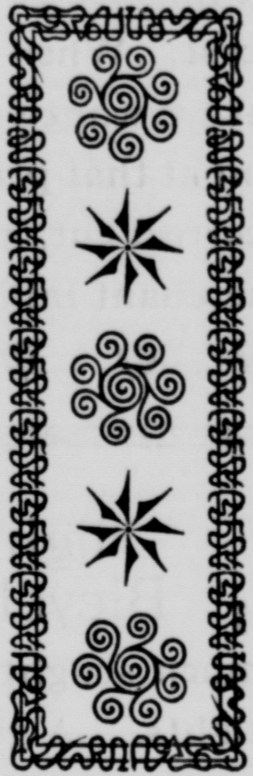

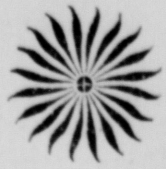

A horse driven by Al Boice became frightened yesterday afternoon in Second street, and started on a wild run. When it reached Market street one of the rear wheels of the wagon came off, but the horse continued to move along as though nothing had happened. It was captured at Jackson street before any more damage was done.

## STATE BOARD IS STRICT

Changes In the Disposal of Sewage.

### ONE GOOD LAW WAS REFUSED

Because the Sewer Emptied Into a River Ten Miles From the Intake of a Water System—The New Ruling Might Have an Influence Here.

Even though the city decides to sewer Tanyard run according to the plans now under consideration, it is possible that the work will never be done. The state board of health may decide to enforce some of its new rules, in which event a system entirely different will be necessary.

Not long ago the board decided to investigate the water supply of every town and city in Ohio, and make a complete survey of the streams from which the people usually drink. The intention is to purify as far as possible the water supply of cities, and to do this they must first locate the different causes of pollution. They will then see that in every instance where it is possible a check will be placed on the indiscriminate dumping of filth into streams. A rule of this kind was made, and is already being enforced. The town of Niles recently submitted to the board a plan of sewerage, and it was under the new rule promptly rejected, because the filth would have emptied into the Mahoning river ten miles above the intake at the Youngstown water works.

"In view of this," said a resident interested in these matters, "do you think the board, if a protest comes from Wells-ville, will accept that plan? I would not be quoted as saying that Wellsville will protest, but I am willing to bet something more than a penny that a protest will be entered. Anyway I think it would be wise for council to investigate and have a conference with the state board before it spends much money."

ALL ARE SATISFIED.

### Passenger Rates to the Endeavor Convention Are Settled.

The passenger men of the western roads are highly pleased with the settlement of the rates and arrangements to the Christian Endeavor convention. They have been fearful that there would be all sorts of demoralization coming from the business as there has been in the past. However, all of the roads in the west that are likely to have any considerable portion of the business have agreed to the rates and arrangements, and there are small chances for any trouble.

### THE PROPHET LABORED

And His Friends Were Very Much Surprised.

D. J. Smith was in the city today looking like a farmer, his cheeks tanned and his hands bearing evidence of toil. When one of his many friends asked what he had been doing, he promptly replied that he had this week dug 48 postholes and built 150 rods of fence. When one man heard it he fell over, paralyzed, and the little fish in Beaver creek winked with delight, the prophet meantime smiling to himself at the thought of his splendid joke.

### CHANGED HIS MIND

When He Found Another Man Wanted the Goods.

Some days ago Constable Lyon levied on some goods belonging to Hughes & Hancock and advertised them for sale to settle a judgment given Ed Cook. This morning another man claimed the goods, and notified the constable he would be held responsible if the goods were sold. The constable at once dissolved the levy.

### A WILD RUNAWAY.

The Horse Raced at a Great Rate in Second Street.

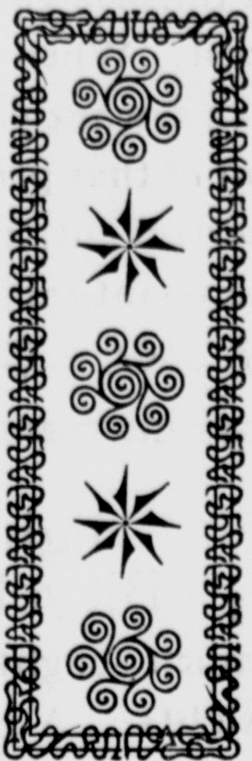

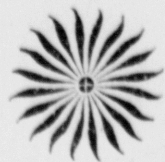

A horse driven by Al Boice became frightened yesterday afternoon in Second street, and started on a wild run. When it reached Market street one of the rear wheels of the wagon came off, but the horse continued to move along as though nothing had happened. It was captured at Jackson street before any more damage was done.

EAST LIVERPOOL, O., FRIDAY, MAY 14

The Grecian fire having burned out, Cuba is once more attracting the eyes of America.

The senate is slow. It is announced that debate on the tariff bill will not begin until May 24.

POTTS, of the Patriot, is improving. He now says that he would vote for a Republican if that Republican favored lower taxes.

A LAW passed for the benefit of Columbus has been sent higher than a kite by the supreme court, and another proof added to the already long list that special legislation does not go in Ohio.

THE oftener General Weyer asserts that the war in Cuba is over the better are his chances for occupying the same berth with Ananias in a climate even more disagreeable than that of Cuba.

THE oft repeated statement that the tariff fosters trusts does not stand the test of time. With every prospect of protection in the new bill the beam combination quietly gives up the ghost.

PROFESSOR WILSON is growing almost as much about the Dingley bill as he did of his own miserable measure after that notorious team of wild horses had galloped through its destructive schedules.

THE south is demanding attention again because of the number of lynchings within the past few weeks, and the European press is taking advantage of the occasion to say a great deal of American barbarism.

THE farmers are not at all in sympathy with the wool schedule of the tariff bill. It does not give them the protection their financial troubles caused by the Wilson bill deserve. That part of the measure needs revision.

THE men who propose to meet in convention at Columbus under the name of the Silver Republicans of Ohio may save themselves no little humiliation by learning a lesson from the Iowa fiasco. That state was drummed from center to boundaries for many weeks, and there were scarcely enough delegates to fill the offices. Silver Republicans are scarce.

SURE OF DEFEAT.

The simple statement that the Democrats expect to conduct the campaign with feet firmly planted on a silver platform should convince everybody that their portion next November will be sure defeat. Ohio cannot afford in any circumstance to be represented in the senate by a man who will hold theories so dangerous as those constantly forced upon the public by that little colony of silver senators, neither has it any desire to join in the vagaries of Kansas and Arkansas. Its reputation so far as the senate is concerned is to the present time good, and to place that reputation in the keeping of a man who would vote against the interests of the state would be unjust. The News Review believes the people understand this particular phase of the matter and will vote accordingly.

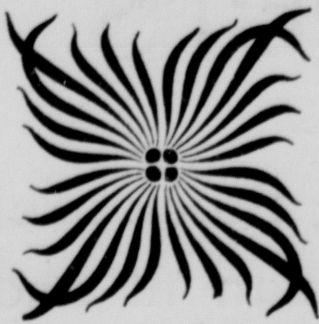

No Meeting.

The special meeting of council called for this evening to view Pennsylvania avenue has been postponed owing to the fact that President Peach and Dr. R. J. Marshall were this morning called to Lisbon on business.

Buying Ware.

Mr. Elliott, a prominent merchant of Knoxville, Ia., is in the city the guest of A. J. Boyce. While here he will purchase a large assortment of crockery and glassware.

## TWO BIG RESOLUTIONS

Were Passed by the Township Line Club.

### THEY COMMENDED MR. FORAKER

A Letter Sent to Governor Bushnell Protesting Against a New Jail—The Annual Picnic Will Be Held Aug. 12—Ladies Will Help.

The Township Line club has gone into politics with a vengeance, commending Senator Foraker for his stand in favor of high protection for wool and addressing resolutions to Governor Bushnell respecting the last move in the county jail matter.

W. H. Smith presided at the meeting and D. J. Smith, Hon. A. H. McCoy and W. S. Smith were appointed to select speakers for the picnic, the date of which was set Aug. 12. George Miller and J. E. Smith was selected to look after the music, and a formal invitation was ordered sent to the Prisoners of War, Grand Army, Relief Corps and Sons of Veterans. The press of the county was invited to partake of the club's hospitality on that day. Another meeting will be held the second Tuesday in June when all arrangements will be completed. The ladies were also invited to take part in the picnic and lend their aid.

The regular business was quickly disposed of, and the club took up other matters. Many of its 350 members are deeply interested in the wool industry, and the following resolutions, introduced by D. J. Smith, were enthusiastically adopted:

WHEREAS, We, as shepherds and husbandmen of western Pennsylvania, West Virginia and eastern Ohio, and members of the Township Line Farmers' club, did, by our votes cast at the last presidential election in November, 1896, waiving at the time other issues, expressed by our ballots to our public servants, that we were in favor of, through our national revenue laws, giving protection to American industries in developing our national resources and giving employment to our labor. Therefore be it

Resolved, That we, the members of the Township Line Farmers' club, commend our United States senator, J. B. Foraker for his determined stand taken for protection to the American pottery, which interest was being rapidly developed and becoming of state and national importance, and a great source for the profitable employment of American labor; until by adverse legislation through the passage of the Wilson bill, so called revenue bill, the industry was partly paralyzed; and we would respectfully ask our representatives in congress, that they, by wise legislation along the line of protection, restore again to a prosperous condition the American pottery interests. And

WHEREAS, We, as husbandmen, engaged in the greatest industry among men, viewed with alarm the striking down the third greatest source of revenue to the American farmer, and the seventh among the beneficial industries of the world in the employment of capital, land and labor, and the best of all to enrich the land for the benefit of coming generations, the wool and woolen industries,

Resolved, Therefore, That we, citizens of the fine wool growing region of western Pennsylvania, West Virginia and eastern Ohio, do hereby extend to J. B. Foraker our most hearty thanks; and to all other representatives of the people who, like he, have given and are giving their influence and votes to securing and retaining the 12 cents a pound specific duty on washed fine wools, to the end that the flocks may again be restored to our hills and valleys, giving food and raiment to the many; we having the best fine wool growing region on earth, as the statistics of the prices and the different mercantile values of the wools of the world in the markets of the world will abundantly prove.

Resolved, That we ask our representatives in both branches of congress, also not to be unmindful of the industries of other communities of America. We do not ask for incidental or accidental tariff legislation, but we do ask and expect that the statesmanship of our representatives from Ohio will be as broad as our common country, and their legislative acts be as unsullied as our flag.

The resolutions were discussed and unanimously adopted, and a copy sent to Hon. J. B. Foraker.

The following resolutions relating to an interesting matter were passed:

WHEREAS, We have learned with amazement and indignation, that an order has recently been received by our county commissioners, from Governor Bushnell, as ex officio president of the

state board of health, ordering that repairs be made upon our county jail, involving large and useless expenditures of the public money, which the taxpayers are not, at this time, in condition to pay; and

WHEREAS, At an election held April 3, 1897, a proposition was submitted to the electors of the county to vote for or against a new jail, and the voters of the county, who are best informed as to the condition of our present jail, and the necessity for a new one, voted by about a two-thirds majority against a new jail. Every township in the county, except one, voted against the proposition; almost one-third of the voters of that solitary township, which was the one in which the jail is located, persons who see the jail daily, who know all about its sanitary condition, and the motive governing the movement for a new jail, who will get the benefit of the expenditures of this large amount of money in their midst, and of having a fine, expensive building in their town, rose above selfish, mercenary motives and voted in the interest of truth, and the taxpayers, by casting their ballots. No. Under these circumstances, the issuing of such arbitrary orders is an exhibition of arrogance, and a usurpation of the constitutional rights of the people, that presages disaster to those assuming it, and will not be tolerated in this county, and

WHEREAS, We, who have lived in this county for many years, who are vitally interested in any move affecting its good name and prosperity, and who know possibly the condition of our present jail fully as well as this Doctor Byers, an individual who evidently has no other business than traveling over the state, at public expense, and who seems to be afflicted with an ailment common to chronic office holders, that of concerting theatrical schemes for increasing the burdens of the already tax-ridden people, declare that we now have a jail, which for the purposes for which such structures are maintained, is excelled by none in the state. Fewer prisoners have escaped therefrom, during its existence, than any jail on record, and less sickness and death, in proportion to its inhabitants than any house or building in the city of Lisbon or the state. Therefore be it

Resolved, By the Township Line Farmers' club of Madison and St. Clair townships, Columbiana county, Ohio, that Governor Bushnell be and is hereby respectfully requested to inform us, at as early a date as may be convenient, if such orders have been issued, and if so, the causes and conditions upon which such orders were based.

### HELD FOR NINE DAYS.

But Delegate Elsie Walters Is Now at Home.

Elsie Walters has returned from Kansas City, where he attended the convention of the National League of Musicians as a delegate from the local union. The convention was marked by a great deal of excitement. Twenty-four unions were suspended and their charters revoked. Their delegates were present, and asked to be seated, but were refused, and at once applied to the court for an injunction. While it was being argued the delegates were compelled to spend nine days in the city. The court granted the injunction, and the case will be argued at the October term of court. The league was compelled to put up a bond of \$5,000 for the appearance of the delegates.

Will the Christian Church Be Compelled to Borrow.

The Bradshaw property will, at three o'clock tomorrow, become the property of the Christian church.

A meeting of the official board will be held at the residence of C. C. Thompson when the final reports of all committees will be presented. After the business of the official board the trustees will hold a meeting and draw up all necessary papers. The trustees will leave for Wellsville at 1 o'clock, and the papers are supposed to be signed at 2 o'clock. A member of the board today said: "The amount to be borrowed will not exceed \$2,000, as the NEWS REVIEW stated last week. This loan will be made by members of the church and not by a bank."

## WORKED A NICE GAME

Fakirs at the Circus Got Some Money.

### A CITY OFFICIAL WAS VICTIMIZED

It Was All on One Side, and East Liverpool Had the Losing End—No Attempt by the Authorities Was Made to End the Nuisance.

One of the worst games ever played in the city was conducted yesterday in the menagerie of the Wallace circus, and yet no effort was made to arrest the fakir.

When spectators went in the tent the first thing to greet their eyes was a fakir selling envelopes. The envelopes were placed in a box, and upon payment of 50 cents the spectator was allowed to draw a number. If it corresponded with any of the numbers on a large lot of glassware the lucky man would receive anywhere from \$2 to \$20. The fakir had three spotters in the audience and every time a new crowd came in a young man would rush to the stand, purchase an envelope, and receive \$20. This caused a great many people to bite, and as a greater part of the numbers would not correspond with the winners it is estimated the fakir cleared anywhere from \$200 to \$500 for his day's work.

A well known city official dropped \$16 in a few minutes, while an officer came out a winner by \$1.50. Another man lost somewhere in the neighborhood of \$80.

Why the fakir was permitted to conduct the game is something unknown to the public, as he was watched by the authorities almost all day.

### THE MARTIN KEPNER CASE.

Another Turn Given It In Common Pleas Court.

LISBON, May 14.—[Special]—The Alliance Banking company have answered in court in the Martin-Kepner case to force to sale Kepner's property and apply the proceeds to Martin's judgment. The company had some claim against the property which has hindered a sale, and in the answer state that Kepner gave them a mortgage last August to secure a note for \$2,500. They want it made the first lien.

The court has ordered that partition be made of two tracts in Liverpool in the case filed by Maria Mumford against George Densmore, and has appointed G. E. Davidson, J. I. Hodson and H. N. Harker to make the appraisal.

Court adjourned last night until next Monday.

## TWO BIG RESOLUTIONS

Were Passed by the Township Line Club.

### THEY COMMENDED MR. FORAKER

A Letter Sent to Governor Bushnell Protesting Against a New Jail—The Annual Picnic Will Be Held Aug. 12—Ladies Will Help.

The Township Line club has gone into politics with a vengeance, commending Senator Foraker for his stand in favor of high protection for wool and addressing resolutions to Governor Bushnell respecting the last move in the county jail matter.

W. H. Smith presided at the meeting and D. J. Smith, Hon. A. H. McCoy and W. S. Smith were appointed to select speakers for the picnic, the date of which was set Aug. 12. George Miller and J. E. Smith was selected to look after the music, and a formal invitation was ordered sent to the Prisoners of War, Grand Army, Relief Corps and Sons of Veterans. The press of the county was invited to partake of the club's hospitality on that day. Another meeting will be held the second Tuesday in June when all arrangements will be completed. The ladies were also invited to take part in the picnic and lend their aid.

The regular business was quickly disposed of, and the club took up other matters. Many of its 350 members are deeply interested in the wool industry, and the following resolutions, introduced by D. J. Smith, were enthusiastically adopted:

WHEREAS, We, as shepherds and husbandmen of western Pennsylvania, West Virginia and eastern Ohio, and members of the Township Line Farmers' club, did, by our votes cast at the last presidential election in November, 1896, waiving at the time other issues, expressed by our ballots to our public servants, that we were in favor of, through our national revenue laws, giving protection to American industries in developing our national resources and giving employment to our labor. Therefore be it

Resolved, That we, the members of the Township Line Farmers' club, commend our United States senator, J. B. Foraker for his determined stand taken for protection to the American pottery, which interest was being rapidly developed and becoming of state and national importance, and a great source for the profitable employment of American labor; until by adverse legislation through the passage of the Wilson bill, so called revenue bill, the industry was partly paralyzed; and we would respectfully ask our representatives in congress, that they, by wise legislation along the line of protection, restore again to a prosperous condition the American pottery interests. And

WHEREAS, We, as husbandmen, engaged in the greatest industry among men, viewed with alarm the striking down the third greatest source of revenue to the American farmer, and the seventh among the beneficial industries of the world in the employment of capital, land and labor, and the best of all to enrich the land for the benefit of coming generations, the wool and woolen industries,

Resolved, Therefore, That we, citizens of the fine wool growing region of western Pennsylvania, West Virginia and eastern Ohio, do hereby extend to J. B. Foraker our most hearty thanks; and to all other representatives of the people who, like he, have given and are giving their influence and votes to securing and retaining the 12 cents a pound specific duty on washed fine wools, to the end that the flocks may again be restored to our hills and valleys, giving food and raiment to the many; we having the best fine wool growing region on earth, as the statistics of the prices and the different mercantile values of the wools of the world in the markets of the world will abundantly prove.

Resolved, That we ask our representatives in both branches of congress, also not to be unmindful of the industries of other communities of America. We do not ask for incidental or accidental tariff legislation, but we do ask and expect that the statesmanship of our representatives from Ohio will be as broad as our common country, and their legislative acts be as unsullied as our flag.

The resolutions were discussed and unanimously adopted, and a copy sent to Hon. J. B. Foraker.

The following resolutions relating to an interesting matter were passed:

WHEREAS, We have learned with amazement and indignation, that an order has recently been received by our county commissioners, from Governor Bushnell, as ex officio president of the

state board of health, ordering that repairs be made upon our county jail, involving large and useless expenditures of the public money, which the taxpayers are not, at this time, in condition to pay; and

WHEREAS, At an election held April 3, 1897, a proposition was submitted to the electors of the county to vote for or against a new jail, and the voters of the county, who are best informed as to the condition of our present jail, and the necessity for a new one, voted by about a two-thirds majority against a new jail. BOARD DENIES RUMORS

There Is No War Between Blind Asylum Trustees

AND THE GOVERNOR OF OHIO

No Communication Was Sent Them Regarding the Resignation of an Official, and There Is No Trouble Whatever of Any Kind.

It has developed in Columbus that the press dispatch sent from there Wednesday evening, regarding the position of certain trustees of the deaf and dumb asylum, George Hamilton, of this city, being among the number, is simply a little worthless Democratic game to cast discredit upon Governor Bushnell's splendid administration.

"The members of the board who were at the institution Wednesday evening stated they had not heard of any disturbance whatever in the relations between themselves and the governor, nor had they ever received any intimation whatever from the governor in reference to the resignation or retention of any official connected with the institution," says the Journal. "They were astonished to see in the papers, when they arrived in the city, that war had been declared by them or against them, or that any great crisis was imminent in the affairs of the board. It was learned from the board in an unofficial way that no communication had been sent them, as alleged; no dissatisfaction existed on the part of the governor, so far as they knew, in reference to any official of the institution, and no action is anticipated in the matter. If the governor had any communication in the matter prepared, others had been acquainted with the nature of the contents before the communication had been sent or received by the board.

"It was expressed as the belief of those who had heard the intimations in reference to the matter that no such communication had been or would be prepared by the governor, as that is not his style of doing business. He simply invites the board to his office when any movement of importance is wished and there, agreeably and pleasantly, the board and the governor discuss the policy of the administration of affairs and there they formulate action. It was also expressed as the idea of the board that the governor and each individual member of the board would regret the removal by resignation or otherwise of any member of the official family of the institution."

DO YOU WANT WEALTH?

If so, You Now Have a Golden Opportunity.

You will read this heading, and your very natural and common sense reply will be:

"Of course I want wealth. Who does not desire wealth, if it can be obtained by honest and honorable means. Where can I obtain wealth? Under what circumstances? Under what conditions? Open your book of mystery and solve the question."

All right, ye readers of the NEWS REVIEW. The solution is a very simple one. Make your way at once to the office of Justice E. W. Hill, Washington street, in the Purinton block, and interview Mr. J. D. Minehan, agent of the Trilby Mining Company, with headquarters at Kendrick, Idaho, and mines at Florence, Idaho. The assay shows that these mines are rich in golden ore, showing \$35 to the ton. The very best business men in all Idaho are interested in these mines, and parties who desire to invest will be given the best of references by Mr. Minehan. Don't fail to call at your earliest opportunity, as but a limited number of shares will be put upon the market.

A tunnel of some one hundred and ten feet has already been driven, with a cross cut showing a ledge twenty-five feet wide, while a shaft has been put down to a depth of fifty feet. Practical mining experts, of long years of ripe experience, are in charge, and they declare that the outlook is simply wonderful. There is no guess work in this venture. The golden harvest is in sight, and all that is necessary is to reap it, through the mediums of push and full development of the mines.

Lost a Valuable Pin.

Frank Stewart, the proprietor of the Hotel Grand, lost a valuable diamond pin last Monday morning. When he put on his necktie in the early part of the day the pin was still there, but during the afternoon the tie became loose, and it was then discovered it was lost. It was valued at \$150, and all trace of it is lost.

## BOARD DENIES RUMORS

There Is No War Between  
Blind Asylum Trustees

AND THE GOVERNOR OF OHIO

No Communication Was Sent Them Regarding the Resignation of an Official, and There Is No Trouble Whatever of Any Kind.

It has developed in Columbus that the press dispatch sent from there Wednesday evening, regarding the position of certain trustees of the deaf and dumb asylum, George Hamilton, of this city, being among the number, is simply a little worthless Democratic game to cast discredit upon Governor Bushnell's splendid administration.

"The members of the board who were at the institution Wednesday evening stated they had not heard of any disturbance whatever in the relations between themselves and the governor, nor had they ever received any intimation whatever from the governor in reference to the resignation or retention of any official connected with the institution," says the Journal. "They were astonished to see in the papers, when they arrived in the city, that war had been declared by them or against them, or that any great crisis was imminent in the affairs of the board. It was learned from the board in an unofficial way that no communication had been sent them, as alleged; no dissatisfaction existed on the part of the governor, so far as they knew, in reference to any official of the institution, and no action is anticipated in the matter. If the governor had any communication in the matter prepared, others had been acquainted with the nature of the contents before the communication had been sent or received by the board.

"It was expressed as the belief of those who had heard the intimations in reference to the matter that no such communication had been or would be prepared by the governor, as that is not his style of doing business. He simply invites the board to his office when any movement of importance is wished and there, agreeably and pleasantly, the board and the governor discuss the policy of the administration of affairs and there they formulate action. It was also expressed as the idea of the board that the governor and each individual member of the board would regret the removal by resignation or otherwise of any member of the official family of the institution."

### DO YOU WANT WEALTH?

If So, You Now Have a Golden Opportunity.

You will read this heading, and your very natural and common sense reply will be:

"Of course I want wealth. Who does not desire wealth, if it can be obtained by honest and honorable means. Where can I obtain wealth? Under what circumstances? Under what conditions? Open your book of mystery and solve the question."

All right, ye readers of the News Review. The solution is a very simple one. Make your way at once to the office of Justice E. W. Hill, Washington street, in the Purinton block, and interview Mr. J. D. Minehan, agent of the Trilby Mining Company, with headquarters at Kendrick, Idaho, and mines at Florence, Idaho. The assay shows that these mines are rich in golden ore, showing \$35 to the ton. The very best business men in all Idaho are interested in these mines, and parties who desire to invest will be given the best of references by Mr. Minehan. Don't fail to call at your earliest opportunity, as but a limited number of shares will be put upon the market.

A tunnel of some one hundred and ten feet has already been driven, with a cross cut showing a ledge twenty-five feet wide, while a shaft has been put down to a depth of fifty feet. Practical mining experts, of long years of ripe experience, are in charge, and they declare that the outlook is simply wonderful. There is no guess work in this venture. The golden harvest is in sight, and all that is necessary is to reap it, through the mediums of push and full development of the mines.

### Lost a Valuable Pin.

Frank Stewart, the proprietor of the Hotel Grand, lost a valuable diamond pin last Monday morning. When he put on his necktie in the early part of the day the pin was still there, but during the afternoon the tie became loose, and it was then discovered it was lost. It was valued at \$150, and all trace of it is lost.

## WELLSVILLE.

### WEST END IS TALKING

A Case of Kleptomania At-  
tracting Some Attention.

A HAM UNDER HER SHAWL

Changes in the Yard Force of Detectives.  
No Firemen's Tournament This Year.  
Police Court Happenings—All the News  
of Wellsville.

West End is talking a great deal of a  
kleptomaniac, and developments may  
reveal a strange case.

Recently a business man saw half a  
ham disappear under a woman's shawl,  
and, upon investigation, she is said to  
have declared that it in some manner  
stuck to her shawl. There are other in-  
stances which cause the belief that the  
party is not the only one in that part of  
town so affected, and they are always  
closely watched when they enter a  
store. In this particular case, however,  
it is believed the woman could not re-  
sist the desire to take something. Other  
circumstances make the case particu-  
larly distressing.

#### The News of Wellsville.

We have in our possession a copy of  
the American Patriot, published by W.  
L. Clark, of date of 1848, containing a  
pleasing poetic tribute on the death of  
the venerable printer's only child,  
almost 50 years ago.

Thomas Ford and Henry Phillips en-  
gaged in a row in Fourth street last  
night. A warrant was issued for Ford.  
Four to six sections make up the  
average freight train these days. The  
rush of freight continues.

Ted Kelly, the Mingo ball player,  
spent several days this week with Wells-  
ville friends.

William Leonard, a Toronto railroad  
man, spent yesterday with friends here.

The concert given by Professor Meyers  
and his class was well attended, and  
most enjoyable. The solo of Miss Grace  
Strong was encored, and the duet of Mr.  
Meyers and Mr. Smith was pleasing.  
Master Workman on the violin was also  
appreciated. Professor Meyers will re-  
turn to Wellsville in November.

The street cars handled the Wellsville  
crowds very well yesterday.

A small son of M. J. Campan had his  
shoulder dislocated yesterday while  
throwing a ball. He is better today.

Edward Thomas, of Mingo, called on  
friends here yesterday.

The water pressure will soon be in-  
creased in West End by bringing water  
from the mains in Commerce and Main  
streets.

Elwood Bunting has added a hand-  
some soda fountain to his equipment.

The light company are changing all  
lamps from 52 to 100 volts. Meantime  
Chief Engineer Davis is visiting in Pitts-  
burg.

Peter Peterson, of West End, has  
gone to make his home in Bellaire.

Superintendent Fogo suffered a pain-  
ful operation for an affection of the  
jaw.

The new oil company is preparing to  
drill a well at once. It has not yet been  
located.

The new building at the rolling mill  
has been completed.

Chief of Detectives Ward has made  
some changes in the yard force. Officer  
Meehan goes on as night watchman,  
and Officer James Moore takes his place.  
Other changes are in contemplation,  
and the company proposes to enforce  
more strict than ever its regulations re-  
garding bums.

Mrs. Nancy McDonald, whose death  
was noted yesterday, was 94 years old.  
Relatives from a distance will attend  
the funeral, and interment may be de-  
layed until Sunday.

F. M. Schaffer, president of the  
Eastern Ohio Volunteer Firemen's asso-  
ciation, has been in Pittsburg since re-  
turning from the Coshooton meeting.  
He does not believe the firemen will  
hold a tournament this year.

The case of F. E. Beamont against  
Jesse R. Maple, litigation because of  
property in Center street, is being heard  
by Jason H. Brookes, referee, this after-  
noon.

#### Loaded Cars.

A good day was yesterday at the  
freight station. Shipments were above  
the average when it is remembered that  
a number of potteries were shut down.  
Seventeen cars were loaded at the sheds,  
and it is estimated 80 cars were handled  
during the day.

—E. J. Grotzinger and wife were  
the guests of Samuel Larkins, yesterday.

## New Wash Goods.

A lot of lace stripe effects in dark and light colors, 5c. Dimi-  
ties, about 30 different colorings and designs, beautiful goods, 10c.  
Lawns in dark and light colors, figured dotted Swiss, with colored  
figures, on light grounds, 12½c. An elegant line of lappet mulls,  
including light colors, black with colored polka dots, red grounds  
with white, and red with black dots, 18c. A beautiful line of or-  
gandies and dimities, in cream grounds, with colored figures; also  
black and white and blue and white, at 25c. These goods have  
sold for more money. Organdies in single patterns at \$4.50 and \$5.  
Zephyr ginghams, 27 inches wide, in light and medium colors, 7c.  
Printed duck and crash for skirts and suits, 12½c. These will all  
be in for Saturday, and we believe if you call you will be able to  
find just what you want for your summer dress.

## Lace Curtains.

Selling more lace curtains than we have ever done. The  
reason—the right goods at the right prices. All prices, from 40c  
to \$10; but we would call your attention to three numbers we re-  
ceived this week, the best we have had this season for the price.  
One sells at \$3.50 and the other two at \$5 per pair. If you are in  
need of lace curtains it will pay you to look this up, as they are  
cheap and nice goods.

## New Parasols

Just received. Prices from 75c to \$5; in different styles and  
colors, and strictly up to date. Only one of a kind of the better  
ones, so of course the early buyer has the best selection. Judging  
from the way our umbrellas are selling we have what people want.  
Some of the best left yet, and perhaps we have the one you want.  
Prices from 69c to \$5. Men's umbrellas at \$1 and up to \$5. Good  
values.

## A. W. SCOTT, Architect.

To my patrons, and those contemplating  
building, permit me to state: I have made  
plans and constructed the building for more  
than three times the number of any other one  
Architect in this country, during my nine  
years practice in this city, and in each case  
devoted careful study that I might not cause  
you to expend one dollar where it was not  
required, and yet give you a building free  
from cracked or settled walls, both interior

### WEST END IS TALKING

A Case of Kleptomania At-  
tracting Some Attention.

A HAM UNDER HER SHAWL

Changes in the Yard Force of Detectives.  
No Firemen's Tournament This Year.  
Police Court Happenings—All the News  
of Wellsville.

West End is talking a great deal of a  
kleptomaniac, and developments may  
reveal a strange case.

Recently a business man saw half a  
ham disappear under a woman's shawl,  
and, upon investigation, she is said to  
have declared that it in some manner  
stuck to her shawl. There are other in-  
stances which cause the belief that the  
party is not the only one in that part of  
town so affected, and they are always  
closely watched when they enter a  
store. In this particular case, however,  
it is believed the woman could not re-  
sist the desire to take something. Other  
circumstances make the case particu-  
larly distressing.

#### The News of Wellsville.

We have in our possession a copy of  
the American Patriot, published by W.  
L. Clark, of date of 1848, containing a  
pleasing poetic tribute on the death of  
the venerable printer's only child,  
almost 50 years ago.

Thomas Ford and Henry Phillips en-  
gaged in a row in Fourth street last  
night. A warrant was issued for Ford.

Four to six sections make up the  
average freight train these days. The  
rush of freight continues.

Ted Kelly, the Mingo ball player,  
spent several days this week with Wells-  
ville friends.

William Leonard, a Toronto railroad  
man, spent yesterday with friends here.

The concert given by Professor Meyers  
and his class was well attended, and  
most enjoyable. The solo of Miss Grace  
Strong was encored, and the duet of Mr.  
Meyers and Mr. Smith was pleasing.  
Master Workman on the violin was also  
appreciated. Professor Myers will re-  
turn to Wellsville in November.

The street cars handled the Wellsville  
crowds very well yesterday.

A small son of M. J. Campan had his  
shoulder dislocated yesterday while  
throwing a ball. He is better today.

Edward Thomas, of Mingo, called on  
friends here yesterday.

The water pressure will soon be in-  
creased in West End by bringing water  
from the mains in Commerce and Main  
streets.

Elwood Bunting has added a hand-  
some soda fountain to his equipment.

The light company are changing all  
lamps from 52 to 100 volts. Meantime  
Chief Engineer Davis is visiting in Pitts-  
burgh.

Peter Peterson, of West End, has  
gone to make his home in Bellaire.

Superintendent Fogo suffered a pain-  
ful operation for an affection of the  
jaw.

The new oil company is preparing to  
drill a well at once. It has not yet been  
located.

The new building at the rolling mill  
has been completed.

Chief of Detectives Ward has made  
some changes in the yard force. Officer  
Meehan goes on as night watchman,  
and Officer James Moore takes his place.  
Other changes are in contemplation,  
and the company proposes to enforce  
more strict than ever its regulations re-  
garding bums.

Mrs. Nancy McDonald, whose death  
was noted yesterday, was 94 years old.  
Relatives from a distance will attend  
the funeral, and interment may be de-  
layed until Sunday.

F. M. Schaffer, president of the  
Eastern Ohio Volunteer Firemen's asso-  
ciation, has been in Pittsburgh since re-  
turning from the Coshocton meeting.  
He does not believe the firemen will  
hold a tournament this year.

The case of F. E. Beamont against  
Jesse R. Maple, litigation because of  
property in Center street, is being heard  
by Jason H. Brookes, referee, this after-  
noon.

#### Loaded Cars.

A good day was yesterday at the  
freight station. Shipments were above  
the average when it is remembered that  
a number of potteries were shut down.  
Seventeen cars were loaded at the sheds,  
and it is estimated 80 cars were handled  
during the day.

—E. J. Grotzinger and wife were  
the guests of Samuel Larkins, yesterday.

### New Wash Goods.

A lot of lace stripe effects in dark and light colors, 5c. Dimi-  
ties, about 30 different colorings and designs, beautiful goods, 10c.  
Lawns in dark and light colors, figured dotted Swiss, with colored  
figures, on light grounds, 12½c. An elegant line of lappet mulls,  
including light colors, black with colored polka dots, red grounds  
with white, and red with black dots, 18c. A beautiful line of or-  
gandies and dimities, in cream grounds, with colored figures; also  
black and white and blue and white, at 25c. These goods have  
sold for more money. Organdies in single patterns at \$4.50 and \$5.  
Zephyr ginghams, 27 inches wide, in light and medium colors, 7c.  
Printed duck and crash for skirts and suits, 12½c. These will all  
be in for Saturday, and we believe if you call you will be able to  
find just what you want for your summer dress.

### Lace Curtains.

Selling more lace curtains than we have ever done. The  
reason—the right goods at the right prices. All prices, from 40c  
to \$10; but we would call your attention to three numbers we re-  
ceived this week, the best we have had this season for the price.  
One sells at \$3.50 and the other two at \$5 per pair. If you are in  
need of lace curtains it will pay you to look this up, as they are  
cheap and nice goods.

### New Parasols

Just received. Prices from 75c to \$5; in different styles and  
colors, and strictly up to date. Only one of a kind of the better  
ones, so of course the early buyer has the best selection. Judging  
from the way our umbrellas are selling we have what people want.  
Some of the best left yet, and perhaps we have the one you want.  
Prices from 69c to \$5. Men's umbrellas at \$1 and up to \$5. Good  
values.

To my patrons, and those contemplating  
building, permit me to state: I have made  
plans and constructed the building for more  
than three times the number of any other one  
Architect in this county. During my nine  
years practice in this city, and in every case  
devoted careful study that I might not cause  
you to expend one dollar where it was not  
required, and yet give you a building free

# We Have Been Tempted!

Tempted by prices, tempted by conditions, tempted by quality, tempted by the distress of a wholesaler of men's furnishings to invest \$5000 cash in merchandise worth double that sum. We didn't need this extra stock--it wasn't sympathy for the jobber which made us buy it. We saw a chance to make money and we took advantage of it. We recognized an opportunity to capture the trade of East Liverpool, and if we don't bring in every mother's son it's because someone hasn't heard of the sale, and that's not likely, for good news like this travels fast. We are going to do no extra advertising. The first company of buyers will send in the army. Half price is a wonderful magnet. Only part of the tale is related here.

### Must Pay the Widow.

Pittsburg, May 14.—In the United States circuit court the jury in the case of Mrs. Louise Morris against the Fidelity and Casualty company of New York rendered a verdict in favor of the plaintiff for \$11,790, the full amount of the policy with interest from March 19, 1894, the date of the death. The action was for the recovery of a \$10,000 accident policy carried by the husband of the plaintiff.

### United Brethren Missionaries.

Toledo, Ia., May 14.—The annual address to the United Brethren missionary board was made by Dr. W. M. Bell, in place of Rev. A. P. Funkhouser, who was sick. The text was from Philippians ii, 4. It was a vigorous presentation of the truth that as a nation, as a church, as individuals, we must be solicitous for others.

### Gas Will Struck.

Sacramento, May 14.—Natural gas which promises to be superior both as to quantity and quality to any Pacific coast wells has been struck in this city, and the total supply from the well is estimated at 100,000 feet daily.

### Train Robber Rounded Up.

Phoenix, A. T., May 14.—The posses sent from Phoenix after Parker, the escaped train robber, have been withdrawn on advices from Sheriff Ruffner of Yavapai county that he had the fugitive surrounded.

### Released From Jail.

Elizabeth, N. J., May 14.—Edith Behr, the young woman who was sentenced to five months in the county jail for assault on the Bloy brothers, farmers, of Lyons farm, was released from the county jail.

### H. J. KINSEY BURNED.

A Gas Explosion Caused a Small Fire.

H. J. Kinsey, this morning while placing a sewer in the house of William Harrison, Kossuth street, met with a painful accident. He was working under the house and had a lighted torch in his hand when he started to crawl out. He struck a leak in the gas pipe near the meter, and before he could extinguish the torch there was an explosion. His arms and one side of his face were severely burned and the flames set fire to the building. An alarm was turned in at once, and the fire department extinguished the blaze with Babcocks before much damage resulted.

Our Men's Bicycle shoe at \$1.50 is a genuine bargain.  
FRANK, SHUMAKER & Co's.

### On the River.

Rivermen will have no cause to complain if the water keeps at its present stage through the summer. The marks now show 11 feet 3 inches, and rising.

The Virginia on its up trip this morning had a light trip. Numbered with its cargo was a dromedary. It was a fine specimen.

Passed up—Lorena, Nellie Walton, Adella, H. K. Bedford, Valiant, B. D. Wood. Down—Ben Hur, Sam Brown, Resolute, Voyager, E. A. Roberts, Percy Kelsey, Raymond Horner and Bell McGowan.

# We Have Been Tempted!

Tempted by prices, tempted by conditions, tempted by quality, tempted by the distress of a wholesaler of men's furnishings to invest \$5000 cash in merchandise worth double that sum. We didn't need this extra stock--it wasn't sympathy for the jobber which made us buy it. We saw a chance to make money and we took advantage of it. We recognized an opportunity to capture the trade of East Liverpool, and if we don't bring in every mother's son it's because someone hasn't heard of the sale, and that's not likely, for good news like this travels fast. We are going to do no extra advertising. The first company of buyers will send in the army. Half price is a wonderful magnet. Only part of the tale is related here.
